Key knowledge

| | |
|--------------------------------|--|
| Where does our food come from? | We will learn about how farmers work hard to make produce and how our food gets to the supermarket. |
| Animal or plant? | We will learn about the source of foods and whether it has come from an animal or plant, fruit or vegetable. |
| Home or away? | We will learn about how seasonal changes affect the food we are able to purchase and which foods can be grown at home. |
